

CIBC Caribbean Bank Limited

Condensed Consolidated Financial Statements

For the six months ended April 30, 2026 (expressed in thousands of United States Dollars)

CHIEF EXECUTIVE OFFICER'S REVIEW

The Bank continued to deliver solid financial results, underpinned by steady progress on our strategic priorities. We remain focused on deepening our client relationships, enhancing digital solutions, and strengthening operational resilience, while maintaining disciplined risk management in a dynamic operating environment.

The Caribbean's economic outlook remains cautiously optimistic, largely driven by a continued strong performance in the tourism sector. However, challenges such as elevated import costs, climate-related risks, and exposure to global economic fluctuations persist. Despite these pressures, underlying market conditions remain stable with improving consumer confidence and increasing investment activity.

The Bank reported net income of \$54.7 million for the second quarter of fiscal 2026, down \$5.5 million or 9% from the second quarter a year ago. Results for the first quarter a year ago included a \$3.9 million fair value loss on a non-core investment, and a \$4.4 million gain related to previously announced divestitures. After adjusting for these prior year's items of note¹, adjusted net income was down \$5.0 million or 8%, primarily due to higher operating expenses and higher income tax. The core business remains strong.

For the six months ended April 30, 2026, reported net income was \$105.0 million, down \$10.9 million or 9% from the second quarter a year ago. After adjusting for prior year's items of note for the six-month period¹, adjusted net income was down \$19.4 million or 16% primarily due to non-recurring tax items and higher operating expenses related to employee costs and business taxes, partly offset by lower credit losses. Adjusted revenue performance remained resilient, with total revenues up 1% to \$388.7 million, driven primarily by steady growth in interest-bearing assets and client activity-based transaction fees, partly offset by lower interest margins.

At the end of the second quarter, the Bank's Tier 1 and Total Capital ratios stood at 18.5% and 20.8%, respectively. Our capital ratios remain well above regulatory requirements. The Board of Directors has approved a quarterly dividend of \$0.0125 per share, payable on July 16, 2026, to shareholders of record as of June 18, 2026.

During the second quarter of 2026, the Bank received recognition for its business performance, earning the award of "Caribbean Loan House of the Year" at the 2026 Global Banking & Markets Awards reflecting our continued execution of major financing transactions across the region. We also remained actively engaged in supporting communities including funding the deployment of the Barbados Defence Force Field Hospital in Jamaica to further assist those impacted by Hurricane Melissa. In addition, our Adopt-a-Cause initiative supports community outreach programs focused on school education, nutrition and senior care, reinforcing our commitment to making a meaningful and lasting impact in the communities we serve.

On May 28, 2026, CIBC Caribbean Bank Limited ("CIBC Caribbean" or the "Bank") announced that its majority shareholder, CIBC, entered into a definitive agreement with the Bank of N.T. Butterfield & Son Limited ("Butterfield") pursuant to which Butterfield will acquire CIBC's 91.7% controlling interest in CIBC Caribbean, to create a leading banking and wealth management platform in the Caribbean, Atlantic and international financial markets with approximately \$29 billion in assets. The transaction brings together two complementary banks with deep roots and established relationships across their combined footprint with heightened capacity, greater diversification, and scalable growth to drive long-term value for all stakeholders.

The expanded capabilities and scale are expected to provide enhanced corporate, personal and wealth management services across the combined client bases. Clients can expect greater ability to process cross-border payments, increased consumer and merchant banking capabilities, and continued investments in technology and digital banking infrastructure. Butterfield will maintain both organizations' operational footprints, including CIBC Caribbean's regional headquarters in Barbados, ensuring continuity for customers and employees. Butterfield is also committed to its and CIBC Caribbean's philanthropic, financial education, and sustainability initiatives in each of its geographies, which will continue to provide outsized, tangible and mutually beneficial financial impacts for the combined company and its communities.

Under the terms of the agreement, Butterfield will acquire CIBC's 91.7% interest in the Bank for an aggregate purchase price of \$1,794 million, comprising US\$1,091 million in cash and US\$703 million in Butterfield shares, or US\$1.14 per CIBC Caribbean share. Following closing of the transaction, Butterfield will commence a mandatory take-over bid for the remaining 8.33% of total outstanding shares of CIBC Caribbean held by minority shareholders. CIBC Caribbean's minority shareholders will be offered equivalent economic terms to those obtained by CIBC. Minority shareholders will also have the option to elect to receive up to 100% of their consideration in Butterfield shares.

The transaction is expected to close in the first half of 2027, subject to regulatory approvals and customary closing conditions. Following completion, CIBC will own an approximate 22% stake in the combined entity.

Until closing, CIBC Caribbean will continue to operate under the leadership of its existing senior executive team with the existing functions continuing to support the Bank's strategic business units and operating companies across the region.

I would like to acknowledge and thank our clients, employees, shareholders and directors for their loyalty and continued support of our bank.

Notes:

1. The Group's operations are organized into four segments: Personal and Business Banking ("PBB"), Corporate Banking ("CB") and Wealth Management ("WM"), which are supported by the functional units within the Administration ("Admin") segment (which includes Treasury, Finance, Technology, Innovation & Infrastructure, Risk and Other). PBB, CB and WM are charged or credited by Treasury with a market-based cost of funds on assets, liabilities and capital, respectively. The offset of these charges or credits are reported in the Treasury function within the Admin segment.

Management monitors the operating results of its business segments separately for the purpose of making decisions about resource allocation and performance assessment. Transfer prices between operating segments are on an arm's length basis in a manner similar to transactions with third parties. We review our transfer pricing methodologies on an ongoing basis to ensure they reflect changing market environments and industry practices. Transactions between the business segments are on normal commercial terms and conditions.

Segment assets and liabilities comprise operating assets and liabilities, being the majority of the statement of financial position, but exclude intangible assets. Securities and cash placements are normally held within the Treasury unit within the Admin segment.

NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

1. General Information

CIBC Caribbean Bank Limited and its subsidiaries (the "Group") are registered under the relevant financial and corporate legislation of 10 countries in the Caribbean to carry on banking and other related activities. CIBC Caribbean Bank Limited (the "Bank"), is a company incorporated and domiciled in Barbados at Warrens, St. Michael. The parent company and controlling party of the Bank is CIBC Investments (Cayman) Limited, which holds 91.7% of the Bank's issued shares and is a company incorporated in The Cayman Islands. The ultimate parent company is Canadian Imperial Bank of Commerce ("CIBC").

2. Basis of preparation and material accounting policies

The accompanying unaudited condensed consolidated financial statements of the Group should be read in conjunction with the IFRS Accounting Standards consolidated financial statements and notes thereto for the year ended October 31, 2025, included in the Group's Annual Report 2025. For a description of the Group's material accounting policies, see Note 2 of the aforementioned consolidated financial statements.

Certain financial information, which is normally included in annual financial statements prepared in accordance with the IFRS Accounting Standards, but not required for interim reporting purposes, has been condensed or omitted. Reclassifications may be made to the prior period's financial statements to conform to the current period's presentation. These unaudited condensed consolidated financial statements reflect, in the opinion of management, all adjustments that are necessary for a fair presentation of the unaudited condensed consolidated financial statements for the interim periods presented.

The results of operations for interim periods are not necessarily indicative of results for the entire year.

In preparing these unaudited condensed consolidated financial statements, management is required to make estimates and assumptions which affect amounts reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

3. Reconciliation of Reported to Adjusted results

The following table provides a reconciliation of Reported results to Adjusted results:

	Unaudited Quarter ended		Unaudited Six months ended		Audited Year ended
	Apr 30, 2026	Apr 30, 2025	Apr 30, 2026	Apr 30, 2025	Oct 31, 2025
Net income for the period - Reported	54,669	60,145	104,961	115,903	159,710
Fair value loss related to non-core investment	-	3,925	-	10,862	56,162
Gains related to divestitures	-	(4,365)	-	(2,373)	(2,373)
Net income for the period - Adjusted	54,669	59,705	104,961	124,392	213,499

Management assesses results on a reported and adjusted basis and considers both as useful measures of performance. Adjusted measures, which include adjusted revenue, adjusted credit loss expense on financial assets, adjusted non-interest expenses, adjusted income before income taxes, adjusted income taxes and adjusted net income, remove items of note from reported results to calculate adjusted results. Items of note include certain items of significance that arise from time to time which management believes are not reflective of underlying business performance. We believe that adjusted measures provide the reader with a better understanding of how management assesses underlying business performance and facilitates a more informed analysis of trends. It should be noted that there is no standardized meaning for adjusted measures under IFRS Accounting Standards.

4. Subsequent events

Subsequent to quarter end, CIBC Caribbean Bank Limited ("CIBC Caribbean" or the "Bank") announced that its majority shareholder, CIBC, has entered into a definitive agreement with the Bank of N.T. Butterfield & Son Limited ("Butterfield") pursuant to which Butterfield will acquire CIBC's 91.7% controlling interest in CIBC Caribbean Bank Limited for an aggregate purchase price of \$1,794 million, comprising US\$1,091 million in cash and US\$703 million in Butterfield shares, or US\$1.14 per CIBC Caribbean share. Following closing of the transaction, Butterfield will commence a mandatory take-over bid for the remaining total outstanding shares of CIBC Caribbean held by minority shareholders. CIBC Caribbean's minority shareholders will be offered equivalent economic terms to those obtained by CIBC. The transaction is expected to close in the first half of 2027, subject to regulatory approvals and customary closing conditions. Following completion, CIBC will own an approximate 22% stake in the combined entity.
